Industry Overview

India's professional Sound & Light industry is experiencing a massive transformation. From large-scale concerts, weddings, religious & cultural festivals to corporate events and immersive live experiences, the demand for world-class sound and lighting solutions is skyrocketing.

Technological advancements in line array systems, LED & laser lighting, immersive audio, AV integration, DJ gear, and event staging are revolutionizing the industry. With a booming entertainment sector, the rise of destination weddings, and a thriving events market, the region is fast emerging as a major hub for the Sound & Light business in South India.

The Sound + Light Expo 2026 – Chennai Edition will serve as the ultimate meeting point for industry professionals, event organizers, rental companies, and creators to connect, collaborate, and discover the latest in pro audio, lighting, music, and entertainment technology.
